Labour Department - Depressed Classes Mission, Mangalore -
Schools at Attawar and Dorebail villages and Court Hill Higher
Additional
Elementary School - Grants - Sanctioned.

A.6. 2187/44

Office of the Commissioner of Labour,
Chepauk, Madras, dated 5-7-1944.

From

C.K. Vijayaraghavan Esq., I.C.S.,
Commissioner of Labour, Madras.

To

The Secretary to Government,
Public Works Department, Madras.

Sir,

Sub:- Labour Department-Grants-Special grant-Court Hill
Higher Elementary School-Mangalore-Sanction-Requested

I enclose a copy of petition dated 12-4-44 received from the Honorary Secretary, Depressed Classes Mission, Mangalore together with a copy of the letter No. L.Dis. 3743-44 dated 19-6-44 from the Collector of South Kanara on the above subject. In view of the supply of free midday meals, equipment and dress to the scheduled class pupils studying in the Court Hill Higher Elementary School and also the enormous rise in the prices of all these articles, the Collector of South Kanara recommends a temporary grant of Rs. 200/- per annum to the school for the duration of the war subject to the condition that one fourth of the gross expenditure is met by the Mission. In recommending the grant of Rs. 200/- the Collector has taken into account the average annual deficit during the last three years (i.e. 1940-41 to 1942-43). The net deficit in working the school during 1942-43 was Rs. 497-1-7. The Secretary of the Depressed Classes Mission requests a grant of Rs. 1,200/- for the school.

As the rise in prices of articles has been appreciable from the year 1942 onwards, the deficit in 1942-43 may be taken into account in fixing the grant to the institution. I, therefore, recommend a grant of Rs. 500/- (in round figure) to the institution as a temporary measure until normal conditions are restored and subject to the condition that the Mission should bear one fourth of the gross expenditure and that the grant will be proportionately reduced if the net deficit does not exceed Rs. 500/- and request that the Government may be pleased to issue orders accordingly.

Necessary provision will be made in the Revised Estimate for 1944-45.

I have the honour to be

Sir,

Your most obedient Servant,

For Commissioner of Labour.

P.S. 6/7

Copy of petition dated 12-4-44 from the Honorary Secretary, Depressed Classes Mission, Mangalore.

You are aware that the Depressed Classes Mission, Mangalore is the oldest indigenous institution started in the year 1897 by the late Rao Sahib K. Ranga Rao and is at present managed by the Servants of India Society. A copy of the latest Annual report is enclosed herewith will give you an idea of the work of the Mission. It has grown from small beginnings and today it occupies an important place in the work of the uplift of the Depressed Classes of the presidency. The Government have also been very generous in giving assistance to the Mission and it is no exaggeration to say that but for the generous assistance of the Government it would not have been possible for the Mission to carry on the work for so long. For many years the Mission was the only institution in this part of the country which was engaged in work of this kind and so it could appeal to the generosity of persons interested in social work and secure help from far and near. The rules governing grants from the Education Department were till recently, liberal and the fact that our institutions were catering to the needs of the Scheduled classes placed us in an advantageous position and enabled us to secure utmost advantage of the rules governing grants. For sometime past things have changed. Outside help is not very satisfactory, nor grants from the Education Department owing to the changes in the rules are as generous as before. As education

is free to all the children attending the schools of the Mission. revenue from the levy of fees which other aided institutions get, is denied to the Mission. Supply of books, dress and slates and the provision of midday meals to the day scholars of the schools of the Mission have added to our expenditure. Thus while with the increase of work the liabilities of the Mission are increasing, there has been no corresponding increase either in its income or its assets. Consequently there have been deficits every year for some years. Thus the cumulative deficit in 1932-33 stood at Rs. 4214-12-9 and by the end of 1942-43 it stood at Rs. 11,880-13-3. It is just possible that there will be a substantial addition to this figure during 1943-44. An examination of the various items of work has disclosed that the Court Hill Higher Elementary High School of the Mission is responsible in a very large measure for the major part of the deficit as figures from 1936-37 to 1942-43 given below will show:-
DEFICIT ON THE COURT HILL HIGHER ELEMENTARY SCHOOL from 1936-37 to 1942-43.

Year.	Deficit.	Year.	Deficit.
1936-37	809-13--3	1937-38	654-10-10
1938-39	751--1-11	1939-40	309-13-11
1940-41	589--1--6	1941-42.	1031-11--6
1942-43	1137-11--9		

The Mission has been considering for some time whether the Court Hill Higher Elementary School should be continued at all. While the closure of the school will no doubt result in considerable savings the effect of such a step on the education of the children of the Scheduled castes will be somewhat serious. Practically all the pupils reading in Standards VI to VIII are residential boarders in the hostel attached to the school. This enables the Mission to give greater vocational bias to the education imparted in the schools. The Commissioner of Labour is also paying a grant of Rs. 1000/- per annum to promote vocational education. It indirectly puts a check on the growing tendency prevailing even among the boys of the scheduled classes to seek secondary education though only a few among them may be fit for it. Moreover the Court Hill Higher Elementary school is an old institution. It is doubtful if its abolition or conversion into a middle school would be of any advantage to the pupils of the scheduled classes.

If the Court Hill Higher Elementary School is to be continued, it would be possible to do so only if in addition to grants from the Education Department the Commissioner of Labour is pleased to sanction a special grant to meet the recurring deficits. The staff employed is governed by the rules of the Education Department and the salaries paid to the staff are comparatively lower than those paid in Government and Labour Schools. As the cost of management of the Mission will be much less than that if the institution were managed by the Labour Department and as there are some distinct advantages in non-official management of such institutions, it is requested that the Commissioner of Labour may be pleased to consider this request favourably. If necessary, a maximum grant not exceeding Rs. 1200/- may be fixed. The amount of grant admissible will depend on the deficit incurred and in no case it shall exceed Rs. 1200/-

If on grounds of principle and for want of precedent, the Commissioner of Labour cannot recommend the payment of full deficit incurred on the maintenance of the Court Hill Elementary school he may at least be pleased to recommend the payment of three fourths of the net deficit after taking into account the grant from the Education Department. The Mission will then be required to bear one fourth of the deficit. Even that burden is by no means small. Taking the figures for 1942-43 it will work out as follows:-

Expenditure.	Rs. 2549--6--9	
Less grant from Education department.	Rs. 1414-11-0	
Deficit.	1134-11--9	Balance grant from the Commissioner of Labour. 851--1--(
of this to be borne by the Mission.	283-10--9	

If, however even this is considered as without precedent, the principle already accepted by the Government in respect of the two other schools of the Mission in G.O. No. 1247, L, Public Works and Labour Department, dated the 13-4-1930 may at least be kindly adopted.

The Mission requests the Commissioner of Labour to comply with this request and make it possible for the Mission to carry on the good work that it has been doing for the past many years, relieved of the financial burden and embarrassment for which the Court Hill Higher Elementary School ~~xxx~~ is largely responsible.

--

Copy of letter No. L.Dis. 3743-44 dated 19th June 1944 from the Collector of South Kanara.

--

Sub:-Grants-Special grant-Court Hill Higher Elementary School-
Enhancement of-petition from the Honorary Secretary D.C.
Mission-Remarks-Sent. --

The Court Hill H.E. School, Mangalore is an old institution managed by the D.C. Mission, Mangalore from a very long time. The school has standards I to VIII with 10 teachers, including three employed for vocational training.

2. The Honorary Secretary request, the Commissioner for a lump sum grant of Rs. 1200/- per annum to meet the deficit on account of this school or at least a grant of a sum equal to the net deficit after taking into account the Educational grant now obtained by the school and also after one-fourth of the gross expenditure is met by the Mission as already allowed in the case of Attawar and Derebail schools as per G.O. 1247 L, P.W. and Labour Department, dated 13-4-30. 11.47-48

3. A list showing the comparative expenditure incurred by the Mission during the years 1940-41, 1941-42 and 1942-43 together with the educational grant received and the deficit amount incurred by it on account of the school is enclosed. The average annual deficit during the last 3 years works out to Rs. 301-8-2. This does not include the expenditure on account of the vocational training in the school nor the special grant received therefore which separate accounts are maintained.

4. In view of the supply of the free midday meals to day scholars and school equipment and dress to all the scheduled class pupils in the school and also the enormous rise in the price of all these articles, I recommend a temporary grant of Rs. 200/- per annum for the duration of the War subject to the condition that one-fourth of the gross expenditure is met by the Mission.

~~3. The records of enquiry are enclosed.~~

--

I enclose a copy of petition dated 12-4-44 received from the Honorary Secretary, Depressed Classes Mission, Mangalore, together with a copy of letter No. L.Dis. 3742-44 dated 19-6-44 from the Collector of South Kanara in the matter. In view of the rise in prices of both food stuffs and school equipment and in view of the fact that free midday meals are now being supplied to the schools, the Collector recommends that the grant may be temporarily increased by Rs. 100/- for the duration of the war. In recommending this increase the Collector has taken into account the average annual deficit during the last three years. The rise in prices of food stuffs etc., has been appreciable from 1942 only and therefore for the purpose of increasing the grant, the deficit in the working of the schools during 1942-43 only should be taken into account. The deficit during this year was Rs. 393-0-3. The Secretary of the Mission requests increase of the grant from Rs. 440/- to Rs. 800/- (i.e. by Rs. 360/-). I recommend that the grant to the institutions may be increased from Rs. 440/- to Rs. 800/- from the current year as a temporary measure until the normal conditions are restored and subject to the condition that the grant will be proportionately reduced if the deficit in the working of the schools does not exceed Rs. 360/- and request that the Government may be pleased to issue orders accordingly.

Necessary provision will be made in the Revised Estimate for 1944-45.

I have the honour to be

Sir,

Your most obedient Servant,

For Commissioner of Labour.

P.S. 6/7

Copy of letter dated 12-4-44 from the Honorary Secretary, Depressed Classes Mission, Mangalore.

--

The Depressed Classes Mission is maintaining two Lower Elementary Schools one at Attawar and the other at Derebail. Besides providing free education to the children of the Scheduled classes the Mission supplies them books, slates and dress free. Since 1941-42, provision has been made for giving mid-day meals also. As the grants received from the Education Department were not enough to meet the expenditure on these two schools even in 1929 the Commissioner of Labour was approached in 1929-30 to assist the Mission by sanctioning a special grant to meet the deficit incurred on the maintenance of these two schools. The Commissioner of Labour was pleased to recommend and the Government sanctioned the maximum grant of Rs. 440/- per annum towards the deficit on condition that the Mission agreed to bear one fourth of the gross expenditure on the maintenance of these schools. But since the introduction of mid-day meals and owing to the increased cost of books, dress and slate, the maximum grant of Rs. 440/- provided in 1929-30 does not cover the three fourth deficit on these schools. Despite the grant of Rs. 440/- the Mission has been incurring deficits year after year adding to the liabilities of the Mission. Owing to the increased strength of the Attawar school the staff had to be increased and the expenditure on the staff of this one school alone has risen to Rs. 756-3-0 in 1942-43 while it was only about Rs. 300/- in 1929-30. A statement of figures from 1940-41 to 1942-43 enclosed will show how the deficit on account of these schools has been growing.

75-
The deficit in 1943-44 is likely to be more. In these circumstances, the requests the Labour Commissioner to be so good as to raise the amount of the grant to a maximum of Rs. 800 at least per annum on the same conditions as those imposed in G.O. No. 1247, L. Public Works Department, dated 13-4-30. Otherwise the Mission will find it extremely difficult to carry on its work as it has been finding it all these years to meet the extra deficit in addition to the one fourth deficit that it has to bear on the gross expenditure of these two schools. Sub:-Grants-Special grants-Attawar and Derebail schools-Enhancement to Rs. 800/- Petition from the Honorary Secretary. D.C. Mission Mangalore-Remarks sent. --

The Depressed Classes Mission, Mangalore has been maintaining two Lower Elementary Schools for Harijans, one at Attawar and another at Derebail. The Attawar school has standards I to V with three teachers and the Derebail school has standards I and II with a single teacher. An annual grant of Rs. 440/- has been sanctioned by the Government in G.O. 1247, L., P.W. and L. Department, dated 13-4-30 on account of these two schools. The grant was made to the Mission to meet the deficit on account of these two schools subject to the condition that the Mission met one-fourth of the gross expenditure. Since 1941-42, both the Attawar and Derebail schools have been supplied with free midday meals by the Mission. Besides, clothing and stationery have also been supplied free of cost. The total deficit of Rs. 452-10-8 for 3 years from 1940-41 to 1942-43 shown in the statement furnished by the Honorary Secretary, D.C. Mission, Mangalore has been verified and found to be correct. The average deficit in the last three years, therefore, works out to Rs. 150-14-2. The Honorary Secretary, requests that the grant may be increased to Rs. 800 i.e. by Rs. 360/-. In view of the rise in prices of both food stuffs and school equipment and in view of the fact that free midday meals are now being supplied both in the Derebail and Attawar schools, I recommend that the grant may be temporarily increased by Rs. 100/ for the duration of the war.

~~No connected records of enquiry are enclosed.~~

Resolution Rout.

The Government approve the following proposals
of the Commissioner of Lahore:
S N F

(1) that the annual grant of Rs. 640/- sanctioned in

G.O. No. 1247-L.P.W.H. dated 15-6-30 to the Depressed

classes Mission Mangalore towards the maintenance of the
Hawar and Dorehail schools has increased to Rs 800/-

Rupies eight hundred only) from the current year until
normal conditions are restored subject to the condition

that the grant will be proportionately reduced if the

deficit in the working of the school does not exceed Rs 300/-

(ii) that ^{in respect of the Govt Hill Higher Elementary School run by the Mission} consider the grant of Rs 1000/- sanctioned

in G.O. no 1716-L dated 6.7.1931 ^(for the maintenance of carpentry workshop) a new grant of Rs 500/-

Rupies five hundred only) p.a. to be sanctioned to

the above Mission towards the maintenance of the

Hill Higher Elementary School until normal conditions

are restored, subject to the condition that the Mission

should bear one-fourth of the gross expenditure and that the

grant will be proportionately reduced if the net

deficit does not exceed Rs 500/-

2. The G.O. is requested to take action to provide ^{to the S.G. & L.}

additional appropriation for the above grants:

to add in list.

COO 5372 H/44 From the B.O.L. No. A-6. 2187/44 dated 5.7.1944
COO 5373 H/44 From the B.O.L. No. A-6. 2186/44 dated 5.7.1944
G.H. to the B.O. No. 5373 H/44 dated 14.7.44
From the B.O. No. A-6 2186/44 dated 16.8.1944

The B.O.L. has recommended appropriations for the payment of additional grant to the Depressed Classes Mission, Mangalore, towards the cost of their maintaining the Court Hill Higher Elementary School as well as Attanwar and Deralhal schools. They are examined below.

Attanwar and Deralhal schools

In G.O. No. 1247-L dated 15.4.1930 the Government sanctioned the payment by the Lahore Dept. of a sum of Rs 40/- annually to the Depressed Classes Mission, Mangalore for the maintenance of the above two schools. The Hon. Secretary of the Mission represents that the two schools are working at a deficit even after taking into account the grant paid by the Education Dept. and asks for an additional grant of Rs 300/-. The Collector of South Kanara recommends the payment of an additional grant of Rs 100/- to the Mission after taking into account the average annual deficit for three years from 1940-1942. The B.O.L. states that, the deficit for 1940-42 is consequent on the rise in prices and articles of equipment from 1942 onwards, and as per the G.O. No. 1247-L. The Collector is accordingly recommending that the

grant to the institutions may be increased from Rs 440/- to Rs 800/- from the current year as a temporary measure until both normal conditions are restored and subjects to the rise in the grant will be proportionately reduced if the deficit in the working of the schools does not exceed Rs 360/-. The strength of the two schools as well as the expenditure on midday meal, books and stationery and the pay of teachers and staff will be found on page 10 of G.O. are requested whether the additional grant of Rs 360/- recommended by the Secy of Govt should be sanctioned or not in view of the fact that

Govt Hill Higher Elementary School

In G.O. No. 1716-L dated 6.7.1931 the Government sanctioned the payment by the Collector of a sum of Rs 1000/- annually towards the cost of maintaining the carpentry workshop attached to the Govt Hill School. The Hon. Secretary of the Mission represents that the institution is now being run at a deficit even after taking into account the grant paid by the Education Dept. and asks for an additional grant of Rs 1200/- per annum. The Collector of South Kanara recommends the payment of an additional grant of Rs 200/- after taking into account the average annual deficit for the years from 1940-1943. The Secy of Govt states that, consequent on the rise in prices of articles and school equipment from 1942 onwards, the deficit in 1942-43 ^{only} may be taken into account in fixing the additional grant to the institution. He accordingly recommends the payment of an additional grant of Rs 500/- to the institution as a temporary measure until normal conditions are restored and subject to the condition that the

the proposals of the P.W.D. are:-

(a) To enhance the ^{annual} grant of Rs 440 sanctioned in G.O.

No. 1247 L. dated 15-4-30 to the Depressed Classes Mission, Mangalore for the maintenance of ~~annual~~ and deferral Lower Elementary schools to Rs 500, and

(b) to sanction an addl. grant of Rs 500 to the Courthill Lower Elementary School, Mangalore.

Item (a) above. In G.O. 1247 L. dated 15-4-30 the Govt. sanctioned the payment annually to the Depressed Classes Mission, Mangalore of a grant of Rs 440 towards the cost of maintenance of these schools on condition that the Mission authorities agreed to bear 1/4th of the gross expenditure on the maintenance of these schools. It is now stated that in view of the rise in prices of both foodstuffs and school equipment and of the supply of free mid-day meals to the school children the deficit in the working of the school has increased. In support of this, ^{the} Mission authorities have furnished ^a statement showing the deficits of ~~figures~~ from 1940-41 to 1942-3. It will be seen therefrom that the deficit in the working of the school was Rs 393 ^{in 1942-4}

taking into account

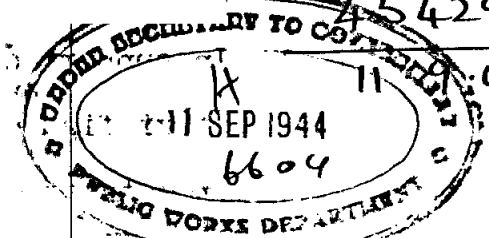

after the ~~disbursement~~ of the maximum grant of Rs 440. The Collector of S. Kanara has, however recommended for the reasons mentioned on p.6 C.F. that the grant may be ~~temporarily~~ increased by Rs 100 for the duration of the war. ~~Strictly speaking~~ ~~Govt. are under no obligation~~ in-aid to private institutions to cover their deficits. The State's aid is intended to supplement private ~~donations~~ ^{efforts}. The fact that the institution has introduced ~~ix~~ the supply of free midday meals since 1941-2 and is running into deficits on account of the rise in the cost price of foodstuffs ~~does~~ not in itself a sufficient justification for Govt. aid. It should be left to the Mission authorities to supplement the Govt. aid by private donations and subscriptions. For orders whether in this view this department may agree with the Collector of S. Kanara to increase the grant of this institution by Rs 100.

Item (b) on p.3 above. The Collector of S. Kanara has recommended a grant of Rs 200 on the basis of the average annual deficit of the school. The Commissioner of Labour however recommends ^{that} a grant of Rs 500 may be sanctioned to the institution on the basis of the deficit in 1942-3 only. ~~It will however be observed from the statement on p.3 C.F. that the net deficit in the school in 1942-3 has not shown a marked increase over the deficit in 1941-2.~~ For orders whether this department may agree ~~or the reasons mentioned at A above~~ with the view of the Collector to increase the grant of this institution by Rs 200.

As the proposal involves an increase in the recurring grant, P.W.D. may be requested to circulate the case to A-1 also.

11/9/44: by the Collector case based on the average deficits during the years 1940-41 to 1942-43; but the G. Z. has pointed out that it is not a correct basis. Finance may agree to the proposals of the G. Z. (B on b. 1 & A on p.5 C.F.)

11/9/44

(1) that the annual grant of Rs 440/- sanctioned to the Depressed classes Mission Mangalore towards the maintenance of the Attavan & Deribail schools be increased to Rs 801 from the current year until normal conditions are restored subject to the condition that the grant will be proportionately reduced if the deficit in the working of the schools does not exceed Rs 360/- and

(2) that a new grant of Rs 500/- p.a. be now sanctioned to the ~~institute~~ Mission towards the maintenance of the Court hill Higher Elementary School until normal conditions are restored, subject to the condition that the Mission should bear one fourth of the gross expense and that the grant will be proportionately reduced if the net deficit does not exceed Rs 500/-

Finance have accepted the proposals. For orders.
